After the concert of the radio.string.quartet.vienna at the Traumzeit Festival, John McLaughlin expressed his thanks to the group: "You are a thrilling band. I'm so proud. Many thanks!" This electrifying concert is now available on DVD

After playing this project many times throughout Europe, we were lucky enough to be invited to the "Traumzeit Festival" in Duisburg. Not only did we perform for a huge crowd, but we also had the honor to be part of the same concert as John McLaughlin's "Fourth Dimension". This was the first time that John heard our adaptations of his compositions, live-in-concert, and knowing that he was in the audience made this performance especially thrilling and inspiring. This evening will remain a remarkable memory in our lives, and with this DVD, we're happy to be able to share the experience with you.
